Riverbat Bash Austin Community College

On September 19, 2017, Austin Community College - Riverside Campus had their annual Riverbat Bash.

This event brings in students and community members in Austin, TX to see what type of services and programs are available for current students and to meet the people that work at the Riverside Campus. Students also have an opportunity to get free food and listen to great music.

GURC-South attends this annual event to have the opportunity to meet with the deaf and hard of hearing students that attend classes on campus and to offer

information on Gallaudet University. We look forward to this event every year.
